ENVIRONMENTAL POLICY

M/s.Kshema Power a leading EPC (Engineering, Procurement, and Construction) company, is committed to conducting its operations in an environmentally responsible manner. We recognize our responsibility to protect the environment and prevent pollution in all phases of our projects engineering, procurement, construction, and commissioning.

To fulfill this commitment, we shall:

1. **Comply with Legal and Other Requirements**
Ensure compliance with all applicable environmental laws, regulations, and other obligations related to our environmental aspects.
2. **Environmental Protection and Pollution Prevention**
Identify, assess, and manage environmental risks and opportunities associated with our activities, products, and services. Take proactive measures to minimize pollution, emissions, waste, and the use of natural resources.
3. **Continual Improvement**
Continuously improve our Environmental Management System (EMS) and environmental performance through regular reviews, audits, and performance evaluations.
4. **Sustainable Resource Use**
Promote sustainable use of energy, water, and raw materials. Implement energy-efficient technologies and practices wherever feasible.
5. **Training and Awareness**
Educate and train employees, contractors, and other stakeholders on environmental responsibilities and best practices to enhance environmental performance.
6. **Lifecycle Perspective**
Integrate environmental considerations into design, procurement, construction, and commissioning activities to minimize impacts across the entire project lifecycle.
7. **Stakeholder Engagement**
Communicate this policy to all persons working for or on behalf of the organization and make it available to interested parties, including clients, contractors, and the public.
